

# Edinburgh Printmakers

## **Covid- Health Guidelines**

- Do not come to EP if you are displaying any COVID symptoms
- Please do not come to EP if you have any cold or cough symptoms
- If you test positive for COVID and have been to EP, you must inform EP immediately so we can contact our members that you may have had contact with.

## **Face Coverings**

We require staff and members to wear face coverings when entering and leaving the building and in shared corridors and enclosed or busier shared areas.

In the print studio specifically we require face coverings to be worn only in the following areas:

- At the till and when asking for studio materials
- When approaching staff for advice/materials
- When using the Paper tearing area and Photocopier
- When working in the ink-mixing areas in Litho and screenprinting.

We do not require members to wear face coverings when working at a bookable work station such as a printing press etc. We are aware that when working it is necessary to move between different areas of the studio. Please respect other peoples space and wear a face covering when working in any shared area.

## **Sanitise your hands**

Please sanitise your hands when you enter the building

## **Temperature monitoring**

Staff will take your temperature when you arrive to minimise the risk of people who are not displaying symptoms from working in the studio.

## **Members are responsible for their own safety.**

We ask members to contribute to ensuring the studio is a safe working environment by being responsible for their own safety, wiping down surfaces/equipment to disinfect before and after use, respecting each others personal space and observing 2m distancing at all times.

Clean hands and surfaces regularly. EP will provide sanitiser and blue roll.

## **Surfaces**

When you have finished your session please use the sanitiser spray to clean down your area and areas you have come into contact with (ie: press handles, roller handles, spatula handles etc).

Use the blue paper roll with the sanitiser to clean down surfaces and dispose of the blue roll in the general waste bins.

## **Toilets**

We ask members to only use the toilets adjacent to the print studio. Please clean door handles and lock after use.

## **Lunch**

Please bring a packed lunch, water bottle and or flask. The Café space downstairs is set out with distanced tables and chairs. Please note the upstairs kitchen cannot be used now and we cannot offer any kitchen facilities or shared access to kettles/microwaves/glasses/mugs.

## **Aprons and Gloves**

Please note we can no longer provide any shared gloves/masks or aprons.

Please bring your own apron and we advice purchasing a pair of thick Nitrel rubber gloves as they can easily be taken on or off. We have these for sale.
